20 March 2014

To whom it may concern:

I would like to strongly support any application the Youth Alive Trust submits as I have witnessed closely what they are doing for the youth in our area and what they have done over recent years. Our school, the largest in the eastern area, has had fantastic support from YAT and their male and female mentor programmes have been a life saver for so many of our students. Since the 2010 and 2011 earthquakes we have seen a growing need for the type of support they provide and this need is increasing alarmingly!

I simply cannot think of a more active and well managed youth support service in our area that is making such a difference. In fact, over my many years teaching and as Principal, I haven't come across such a fantastic service for our young students. They are a brilliant resource for our very diverse community, delivering programmes right where they are needed. I am more than happy to be contacted by phone if you wish to have anything else discussed.

Yours sincerely

A handwritten signature in blue ink that reads "John Bockett".

John Bockett  
Principal  
South New Brighton School
